This book's approach to personality theories is in the best interests and values of psychology students, as they are seen as useful conceptual tools for understanding behavior and personal growth. The book is intended, in particular, for students interested in applying psychological principles in their lives and in their future careers. Both the approach and the didactic structure contribute to the success of this work, the result of the living experience of teachers and students. It examines the basic Western theories of personality and zen Buddhism, Ioga and Sufism, which are psychologically relevant systems of thinking, and which deal with many topics similar to Western psychology. The book also brings an app on women's psychology and more commented on the bibliography on accessible literature for a long time. Exercises for individual or class use are designed to enable students to personally experience the basic aspects of each theory.
